Rain in Shashemane

D* D/C D D/C
Left my certainty, left my loved ones behind
Packed my guitar case, set out to see what I could find
In the silent plane, I cried to touch a friendly face
'Round the world I came to an unfamiliar place

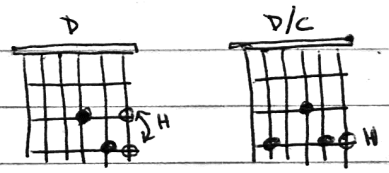
Am7 Bm7
Out my window, I notice the clouds
C/B D
Stealing the sun away from me
Am7 Bm7
Still I'm lonely with tears falling down
C C/B Am7
Like the Rain in Shashemane

D D/C D D/C
So I've made the choice, so I take what life may give
I've no order now, I must learn again to live
Far away at home, I've an easy role to play
Here across the sea, I must be from day to day

Am7 Bm7
Out my window, I notice the clouds
C C/B D
Stealing the sun away from me
Am7 Bm7
Still I'm puzzled with tears falling down
C C/B Am7
Like the Rain in Shashemane

D D/C D D/C
Walking down the road, I mustn't fear to try to grow
I see people here, passing by, I speak hello
Warmth returns to me, I see sunshine in their smiles
I never left my home, it was here all the while

Am7 Bm7
Out my window, I notice the clouds
C C/B D
Stealing the sun away from me
Am7 Bm7
But my blues are washing away
C C/B Am7 D D/C D D/C
In the Rain of Shashemane
D D/C D



* I = 6th str. to D
