

C G
Leona was born

D/F#
Outside of New Orleans

C G
She came out swingin

D/F#
In old worn out blue jeans

She arrived with the thunder
And the lightning all around
Just like that angel
Flying too close to the ground

Leona grew up
Like a pup out in the wild
And time brought with it
A woman from a child

Wasn't long
She was every man's desire
With long auburn hair
Lips set your face on fire

When we met
She was barely 21
I spent that night
In the center of the sun

We danced in the starlight
To an imaginary tune
And she spoke in perfect English
When she talked to the moon

We begged for forgiveness
For cigarettes and some beer

C G
And she screamed at the top of her lungs
D/F A sus
In a voice you couldn't hear eearrrrrrrrr
