

Naked African Mole Rat music and lyrics by John Stewart

It's real hard bein a Naked Mole Rat G G dim walkdown to G
Without a coat or even a hat
I just hope I find somebody who knows
Where I can find myself some naked mole rat clothes

I'm a Naked African Mole Rat G B7 C D
I don't even know where my clothes are at
I live in a hole down in Africa
I'm pink and orange just like an apricot
No fur on my body no hair on my head
From my top to my bottom I am buck naked

It's real hard bein a Naked Mole Rat
Without a coat or even a hat
I just hope I find somebody who knows
Where I can find myself some naked mole rat clothes

I look on the ground and I see some ants
Even the ants are all wearing pants
I look in the air and I see some birds
Even the birds are wearing cool shirts
I look in the river and I see some crocs
Even those crocs gots all sorts of socks
I look over here and I look over there
I can't even find my own underwear

Yeah it's hard bein a naked mole rat
Without a coat or even a hat
I just hope I find somebody who knows
Where I can find myself some naked mole rat clothes

I just walk around singin these blues
If I only had me some blue suede shoes
I don't need no fancy stuff
Something simple so I'm not always in the buff
Say, maybe you could help me if you dare
Just call out the name of something you wear...

Now I'm a fully clothed African mole rat G walk down to G
Got my coat and I got me my hat
I finally found me somebody who knows
And they helped me find my naked mole rat clothes
Thanks to you I'm a happy mole rat
I just hope these pants don't make my butt look too fat
Either way I'm a stylin mole rat
Look out honey gonna show you wear it's at.....
