

Killing the Blues (Shawn Colvin)

Intro: E... Esus4... E... Esus4

E Esus4 E Esus4
Leaves were falling, just like embers,
E Esus4 E7 A Asus2
In colors- red and gold, they set us on fire
A Asus2 E Esus4 E Esus4
Burning just like moonbeams in our eyes

CHORUS: B7 E A
Somebody said they saw me, swinging the world by the tail
A Asus2 E Esus4 B7 E Esus4 E Esus4
Bouncing over a white cloud, killing the blues.

E Esus4 E Esus4
Now I am guilty of something...
E Esus4 E7 A Asus2
I hope you never do Because there is nothing
A Asus2 E Esus4 E Esus4
Any sadder than losing yourself in love

CHORUS

E Esus4 E Esus4
And then you've asked me...just to leave you
E Esus4 E7 A Asus2
To set out on my own And get what I needed.
A Asus2 E Esus4 E Esus4
You want me to find what I've already had.

CHORUS (2x)
