        D            G                        D
When the dream came I held my breath with my eyes closed

I went insane, like a smoke ring day when the wind blows

Now I won't be back till later on If I do come back at all

But you know me, and I miss you now

                           G                          D
When the change came, and you had a chance to see through me
             G           D                        G       F#m7    Em A
Though the other side is just the same You can tell my dream is real

Because I love you, can you see me now
[Break]
