Who wants to buy        this diamond ring?  
**C#m**                    **E**                    **F#**    **D**  
She took it off her finger now,        it doesn't mean a thing

**G**                    **Bm**                    **Em**                    **D**  
This diamond ring doesn't shine for me anymore  
**G**                    **Bm**                    **Em**                    **D**  
And this diamond ring doesn't mean what it did before  
**Em**                    **Bm**                    **Em**                    **Bm**    **Am7**    **D**  
So if you've got someone who's love is true  
**D**                    **G**                    **G#**  
Let it shine for you

**C#m**                    **E**                    **F#**    **C#m**  
This stone is genuine,        like love should be  
**C#m**                    **E**                    **F#**    **D**  
And if your baby's truer than        my baby was to me

**G**                    **Bm**                    **Em**                    **D**  
This diamond ring can be something beautiful  
**G**                    **Bm**                    **Em**                    **D**  
And this diamond ring can be dreams that are coming true  
**Em**                    **Bm**                    **Em**                    **Bm**    **Am7**    **D**  
And then your heart        won't have to break like mine did  
**D**                    **G**                    **G#**  
If there's love behind it
