You Are My Flower (Carter Family)

C G
The grass is just as green the sky is just as blue
G C
The day is just as bright, the birds are singing too

CHORUS

C G
You are my flower, you're blooming in the mountain for me
G C
You are my flower, you're blooming there for me

C G
The air is just as pure the sunlight just as free,
G C
And nature seems to say it's all for you and me

CHORUS

C G
The summertime is past, the snow begins to fall
G C
Just sing your song, and play for one and all

So wear a happy smile and life will be worthwhile

Forget your tears and don't forget to smile.
