

That Don't Worry Me Now (Shawn Colvin)

C **F**
Before you knew me An angel came to me
C **F**
I wrestled him down to the ground
Am **F** **G** **C** **F** **G7**
He said he could cure me I said that don't worry me now

C **F**
Those angels just bore me The same old damn story
C **F**
They were lost oh but now they're found
Am **F** **G** **C** **F** **C**
There ain't nobody lookin' but That don't worry me now

G **C**
I live by the sound Of devils in flight
F **C** **Am** **G** **G*** **G7**
I travel alone In the cold In the dead of The deep dark night

C **F**
So if Jesus is comin' He'd better start runnin'
C **F**
I don't really think he'd be proud
Am **F** **G** **C** **F** **C**
And I won't get to heaven but That don't worry me now

G **C**
I live by the sound Of devils in flight
F **C** **Am** **G** **G*** **G7**
I travel alone In the cold In the dead of The deep dark night

C **F**
And if flocks of the best Will sing me to rest
C **F**
I'll never get used to that sound
Am **F** **G** **C** **F** **C**
Just give me Sam Cooke singin' That don't worry me now

Repeat last line
