

**Burrito Brothers Do Right Woman written by Dann Penn/Chip Morman**

**D A**  
Take me to heart and I'll always love you  
**G D**  
And nobody else could make me do wrong  
**A**  
Take me for granted and I'll tag right along  
**G D**  
Makes will power weak and temptation strong  
**E E7**  
A woman's only human this you must understand  
**A**  
She's not just a play thing she expects love just like a man  
**G D Em**  
So if you wanna do right all day woman  
**A D A D**  
You gotta be a do right all night man  
**Bm**  
They say that's it's a man's world  
**F#m**  
But you can't prove that by me  
**Bm**  
But as long as we're together baby  
**A A7**  
You better show some respect for me  
**G D Em**  
So if you wanna do right all day woman  
**A D**  
You gotta be a do right all night man  
**A D**  
You gotta be a do right all night man  
**A D**  
You gotta be a do right all night man  
**A G D**  
You gotta be a do right all night man
