

Still Feeling Blue

Words and Music by Gram Parsons

A
Time can pass and time can heal
But it don't ever pass the way I feel E7
You went away a long time ago D
And why you left I never knew A
The lonely days and lonely nights A
Guess the world knows I ain't feelin' right E7
And when you're gone the hours pass so slow D
And now I'm still feeling blue E7 A

E7
And baby
Since you've walked out of my life
I never felt so low
Can't help but wonder why you had to go A D E7

A
There are many girls but I can't say
They come and go but still I feel this way E7
And ever since the day you said goodbye D
No one treats me like you used to do A

I hope you're out and happy now
Doing up the town cause you know how
Every time I hear your name I want to die
And now I'm still feeling blue

All right -Instrumental-

And baby
Since you've walked out of my life
I never felt so low
Can't help but wonder why you had to go

I hope you're out and happy now
Doing up the town cause you know how

Every time I hear your name I want to die
And now I'm still feeling blue
And now I'm still feeling blue
