

COLUMBUS STOCKADE

C
Way down in Columbus Georgia
G C
I wanta go back to Tennessee

Way down in Columbus stockade
G C
Friends have turned their backs on me.

CHORUS

F C
Go and leave me if you wish to
F C G
Never let me cross your mind
C
In your heart you love another
G C
Leave me darlin', I don't mind.

Last night as I was sleepin'
I dreamed I held you in my arms
Then I found I was mistaken
I was peepin' through the bars

A few years ago it seems a long time
But that's when I was free and on my own
Now here I am, in this ole stockade
I wish to God they'd take me home

I am laid down in Columbus Stockade
The chains on my legs are makin' sores
I'm shackled down in Columbus Stockade
Jailorman ain't coming to my door.
