

All My Friends - LCD Soundsystem

[Intro] A D

[Verse 1]

That's how it starts....we go back to your house  
You check the charts....and start to figure it out  
And if it's crowded all the better, because we know we're gonna be up late  
But if you're worried about the weather, then you picked the wrong place to stay  
That's how it starts.....

[Verse 2]

And so it starts....you switch the engine on  
We set controls for the heart of the sun, one of the ways we show our age  
And if the sun comes up, if the sun comes up, if the sun comes up, and I still don't wanna stagger home  
Then it's the memory of our betters, that are keeping us on our feet

[Chorus 1] Synth

You spent the first 5 years trying to get with the plan & the next 5 years tryin to be with your friends again  
You're talking 45 turns just as fast as you can, yeah I know it gets tired but it's better when we pretend

[Verse 3]

It comes apart....the way it does in bad films  
Except the part....where the moral kicks in  
And when we're running out of the drugs, and the conversation's grinding away  
I wouldn't trade one stupid decision, for another 5 years of life, oh

[Chorus 2] Synth

You drop the first 10 years just as fast as you can, and the next 10 people who are trying to be polite  
When you're blowing 85 days in the middle of France, Ya I know it gets tired only where are your friends tonight?

[Guitar solo] A D [2x]

[Verse 4]

And to tell the truth....oh, this could be the last time  
So here we go....like a sales force into the night  
And if I made a fool, if I made a fool, if I made a fool on the road, there's always this  
And if I'm sewn into submission, I can still come home to this

[Chorus 3]

And with a face like a dad and a laughable stand, you can sleep on the plane or review what you said  
When you're drunk and the kids leave impossible tasks, you think over and over, "hey, I'm finally dead."  
Oh, if the trip and the plan come apart in your hand, you can turn it on yourself you ridiculous clown  
You forgot what you meant when you read what you said, and you always knew you were tired but then--  
Where are your friends tonight? Where are your friends tonight?  
Where are your friends tonight? Where are your friends tonight?  
If I could see all my friends tonight, if I could see all my friends tonight  
If I could see all my friends tonight, if I could see all my friends tonight...
