

# SOMETHING'S TURNING OVER (Low)

1

D Em  
As a child I hid between the pages

A D  
Cutting secret phrases overhead

Em  
But things we turn our back on when we're older

A D  
Only drag us back into our bed

G Em / A  
Something's turning over

D  
You'd better get out while you can

G Em / A  
Something's turning over

D Em  
Angels setting fire to the ocean

A D  
Pirates making liars out of men

Em  
No, I don't think we'll ever see their faces

A D  
I don't think we'll ever see the end

G Em / A

Something's turning over

D

You'd better get out while you can

G Em / A / Em

Something's turning over

A

Get out while you're young

Em

Get out while you're young

A

Get out while you're young

D Em

Every now and then I feel them breathing

A D

Moving through the room so quietly

Em

And just because you never hear their voices

A D

Don't mean they won't kill you in your sleep
