Time, curious time

Gave me no compasses, gave me no signs

Were there clues I didn't see?

D Em

And isn't it just so pre-tty to think

All along there was some

Invisible string

Tying you to me?

G D/F# Em Bm

Ooh-ooh-ooh-ooh

Bold was the waitress on our three-year trip

Getting lunch down by the Lakes

G D/F# Em Bm

She said I looked like an American singer

Time, curious time

### [Bridge]

Bm  
A string that pulled me

Am G D  
Out of all the wrong arms, right into that dive bar

Am G D  
Something wrapped all of my past mistakes in

barbed wire

Am G  
Chains around my demons

D Am  
Wool to brave the seasons

G D  
One single thread of gold

G D/F# Em Bm  
Tied me to you

### [Verse 3]

G D/F#  
Cold was the steel of my axe to grind

Em Bm

For the boys who broke my heart

G D/F# Em Bm

Now I send their babies presents

G D/F#

Gold was the color of the leaves

Em Bm

When I showed you around Centennial Park

G D/F# Em Bm

Hell was the journey but it brought me heaven

Time, wondrous time

Gave me the blues and then purple-pink skies
