

Intro: | Eb | Eb | Ab | Ab |

1. I've waited a hundred years, I'd wait a million more for you
Nothing prepared me for what the privilege of being yours would do

Chorus: If I had only felt the warmth within your touch
If I had only seen how you smile when you blush
Or how you curl your lip when you concentrate enough, I would have known
What I was living for all along, what I've been living for [build in intensity...]

2. Your love is my turning page where only the sweetest words remain
Every kiss is a cursive line, every touch is a redefined phrase

Chorus: I surrender who I've been for who you are
Nothing makes me stronger than your fragile heart
If I had only felt how it feels to be yours then I would have known
What I've been living for all along, what I've been living for

Interlude: | Eb | Ab | Eb | Ab |

(Ab) Bb Ab
Outro: Though we're tethered to the story we must tell
When I saw you, well I knew we'd tell it well
With a whisper we will tame the vicious seas
Like a feather bring the kingdoms to their knees
