1. Jennie said when she was just five years old there was nothin' happening at all
Every time she puts on a radio there was nothin' goin' down at all, not at all

Then one fine mornin', she puts on a New York station, you know she don't believe what she heard at all
She started shakin' to that fine, fine music, you know her life was saved by rock 'n' roll

Chorus: Despite all the amputations, you know you could just go out and dance to the rock 'n' roll station
And it was all right (it was alright)
Hey baby you know it was all right (it was alright)

Interlude: | C | C | B^{b6} | B^{b6} |
