

False God by Taylor Swift (2019) Key: A

[Intro] G F#m Bm

[Verse 1]

G
We were crazy to think, crazy to think that this
could work. Remember how I said I'd die for you?
F#m Bm

G
We were stupid to jump in the ocean separating us
Remember how I'd fly to you?
F#m Bm

[Pre-Chorus]

G
And I can't talk to you when you're like this.
Staring out the window like I'm not your favorite
town.

A
I'm New York City... I still do it for you, babe
G
They all warned us about times like this. They say
the road gets hard and you get lost when you're
A
led by blind faith, blind faith

[Chorus]

G
But we might just get away with it
D A
Religion's in your lips, even if it it's a false
god, we'd still worship

G
We might just get away with it
D A
The altar is my hips. Even if it's a false
god...

G
we'd still worship this love
We'd still worship this love

F#m Bm
We'd still worship this love

[Verse 2]

G
I know Heaven's a thing. I go there when you touch
F#m Bm
me honey, Hell is when I fight with you
G
But we can patch it up good, make confessions
