

Window by Fiona Apple

[Verse 1]

F C
I was staring out the window
F
The whole time he was talking to me
C
It was a filthy pane of glass
F Fm
I couldn't get a clear view
C
And as he went on and on
F Fm
It wasn't the outside world I could see
C Bb
Just the filthy pane that I was looking
F
through

[Chorus]

F E
So I had to break the window
F E
It just had to be
F E
Better that I break the window
Am F D
Than him or her or me

[Verse 2]

C
never focused on just one thing
F
My eyes got fixed when my mind got so
C
It may look like I'm concentrated on
F Fm
A very clear view
C
But I'm as good as asleep
F Fm
I bet you didn't know
C
It'd take a lot of it away
F Fm
If you do

[Chorus 2]

F E
I had to break the window
F E
It just had to be
F E
Better that I break the window
Am F D
Than him or her or me
F E
I had to break the window
F E
It just had to be

It was in my way
F E
Better that I break the window
Am F D
Than forget what I had to say
Am F D
Or miss what I should see

[Verse 3]

C
So again I've done the right thing
F
I was never worried about that
C F Fm
The answer's always been in clear view
C
But even when the window was cleaned
F Fm
I still can't see for the fact
Dm
That when it's clean
Bb Dm
It's so clear I can't tell what I'm
G
looking through

Repeat Chorus 2
