Shooting through my mind

I'm gonna learn to fly the clouds

I won't stop 'til I've understood it all

I'm gonna learn to fly the clouds

I'm gonna understand the air

My mind will listen to the stars

Fly the clouds

Dm Am F G
To everyone else I appear quite the same

Dm Am F / G
And I help them as much as I can

Dm Am F G
But they'll never know that my mind is in the air

Dm Am G
Oh how could they ever understand

E G
I'm gonna learn to climb the clouds

E G
I'm gonna float upon the rain

Dm C G
I'll learn what lies beneath the Earth

E G
I'm gonna learn to fly the clouds

E G
I'm gonna understand the space

Dm C G
I'll even go back beyond birth

E G
Fly the clouds
