

# How To Fight Loneliness by Wilco (1999) Key: Bm

[Intro] **Bm A6 G F#**

[Verses]

**Bm**                    **A6**  
How to fight loneliness

**G**                    **F#**  
Smile all the time

**Bm**                                    **A6**  
Shine your teeth 'til meaningless

**G**                                    **F#**  
Sharpen them with lies

**Em**                                    **A**  
And whatever is going down

**Em**                                    **A**  
Will follow you around

**Bbdim**                                    **Bm**  
That's how you fight loneliness

**D**                                    **G**                    **F#**  
You laugh at every joke

**Bm**                                    **A6**  
Drag your blanket blindly

**G**                                    **F#**  
Fill your heart with smoke

**Em**                                    **A**  
And the first thing that you want

**Em**                                    **A**  
Will be the last thing you ever need

**Bbdim**                                    **(Bm)**  
That's how you fight it

[Instrumental] **Bm A6 G F#**  
**Em A Em A Bbdim Bm**

[Bridge]

**D**                                    **G**  
Just smile all the time

**D**                                    **G**  
Just smile all the time

**D**                                    **G**  
Just smile all the time

**D**                                    **G**                    **A**                    **Bbdim**  
Just smile all the time

[Outro] (repeat until fade out)  
**Bm A6 G F#**  
Doo-dup...
