

No Hard Feelings

The Avett Brothers

Capo 5

[Intro]

C Em Am F Em F G

After every G do the usual Avett walk up to the C or F for the next chord.

[Verse]

C Em Am
When my body won't hold me anymore
F Em
And it finally lets me free
F G
Will I be ready?
C Em Am
When my feet won't walk another mile
F Em
And my lips give their last kiss goodbye
F G
Will my hands be steady?

[Chorus]

F
When I lay down my fears
G
My hopes and my doubts
F
The rings on my fingers
G
And the keys to my house
Am E F G
With no hard feelings

[Verse]

C Em Am
When the sun hangs low in the west
F Em
And the light in my chest won't be kept
F G
Held at bay any longer
C Em Am
When the jealousy fades away
F Em
And it's ash and dust for cash and lust
F G
And it's just hallelujah

[Chorus]

F
And love in thoughts
G
And love in the words
F
Love in the songs
G
they sing in the church
Am E F
And no hard feelings

[Bridge]

G C F
Lord they knows they haven't done
G C F
Much good for anyone
G C F
Kept me afraid and cold
G C F G7
With so much to have and hold

[Verse]

C Em Am
When my body won't hold me anymore
F Em
And it finally lets me free
F G
Where will I go?
C Em Am
Will the trade winds take me south
F Em
Through Georgia grain or tropical rain
F G
Or snow from the heavens?

C Em Am
Will I join with the ocean blue
F Em
Or run into the savior true
F G
And shake hands laughing

[Chorus]

F
And walk through the night
G
Straight to the light
F
Holding the love
G
I've known in my life
Am E F
And no hard feelings

[Outro]

G C F
Lord they knows they haven't done
G C F
Much good for anyone
G C F
Kept me afraid and cold
G C F
With so much to have and hold
G C F
Under the curving sky
G C F
I'm finally learning why
G C F
It matters for me and you
G C F
To say it and mean it too
G C F
For life and its loveliness
G C F
And all of its ugliness
G C F
Good as its been to me
G C F
I have no enemies
G C F
I have no enemies
G C F
I have no enemies
G C F
I have no enemies
