F the CC
Steve Earle Intro: A-E-A

A
I used to listen to the radio
And I don't guess they're
listenin' to me no more

E
They talk too much but that's okay

A
I don't understand a single word
they say
piss and moan about the immigrants
But don't say nothin' about the
president

E
A democracy don't work that way

A
I can say anything I wanna say

(chorus)

So fuck the FCC

Fuck the FBI

E
Fuck the CIA

A
Livin' in the motherfuckin' USA

(Verse 2)
A
People tell me that I'm paranoid

And I admit I'm gettin' pretty
nervous, boy
E
It just gets tougher everyday
A
To sit around and watch it while
it slips away
Been called a traitor and a
patriot
Call me anything you want to but
E
Just don't forget your history

A
Dirty Lenny died so we could all
be free

So fuck the FCC
Fuck the FBI
E
Fuck the CIA
A
Livin' in the motherfuckin' USA
