South Pacific - Younger Than Springtime Chords by **Misc Musicals/Rodgers & Hammerstein**

```
C            G
I touch your hand
F          C    G
And my arms grow strong,
C              G
Like a pair of birds
F              Bb
That burst with song.
Dm           A
My eyes look down
               Dm
At your lovely face,
Fm             C
And I hold the world
      Dm   G
In my embrace.

C                          G  C
Younger than springtime, are you
G                       F   G
Softer than starlight, are you,
C                    Am
Warmer than winds of June,
               D             G
Are the gentle lips you gave me.
C                     G   C
Gayer than laughter, are you,
G                     F  G
Sweeter than music, are you,
C                Am
Angel and lover, heaven and earth,
    D       G
Are you to me.

G              Am
And when your youth
     D             G
And joy invade my arms,
            Am       D        G
And fill my heart as now they do,
G    C                        G  C
Then younger than springtime, am I,
G                    F G
Gayer than laughter, am I,
C             Em Am
